## HAKATAI OFFERS THE MARKETPLACE OPTIONS TO “CUSTOM SELECT” GLASS MOSAIC TILES

**For Immediate Release:** Hakatai, a leading North American glass mosaic tile and custom glass mosaic mural supplier, since 2004 has offered online, interactive programs allowing customers to create their own custom blends and gradients.

“These programs have always been popular with Hakatai’s customers”, stated Marshall Malden, President of Hakatai. “But in today’s demanding market, they offer even more opportunities which include finding competitively priced and quick turn-around custom blends and/or gradients.”

The programs are accessed on [www.hakatai.com](http://www.hakatai.com) by clicking “Custom Design” and then “Custom Tools.” By following online instructions, customers can create their own unique glass mosaic tile blends and gradients. For those who may not be comfortable using the tools completely on their own, Hakatai’s experienced service staff is always available for assistance.

“Our many years of experience in producing these custom products at Hakatai’s Ashland, Oregon facility allow us to quickly understand each customer’s vision of their completed project... and, to offer tips and ideas helping them achieve it,” declared Malden. “By producing them in Ashland, we usually meet customers’ tight installation deadlines.”

Hakatai’s Custom Programs offer limitless, trend-setting, design opportunities for architects, interior designers, building owners and all others to create gorgeous, long-lasting and brilliantly colorful showers, back splashes, stunning walls for casinos, restaurant bar fronts, elevator banks and so much more.
