FURNISHINGS

• LANDSCAPING

• INNER FACADES

• METAL ROOFING

• LIGHTING

MODERN CLASSIC: The FAVN sofa from Fritz Hansen embraces the sitter. In addition to violet, the piece is presented in grey, also being a popular choice for clients.

LOOK

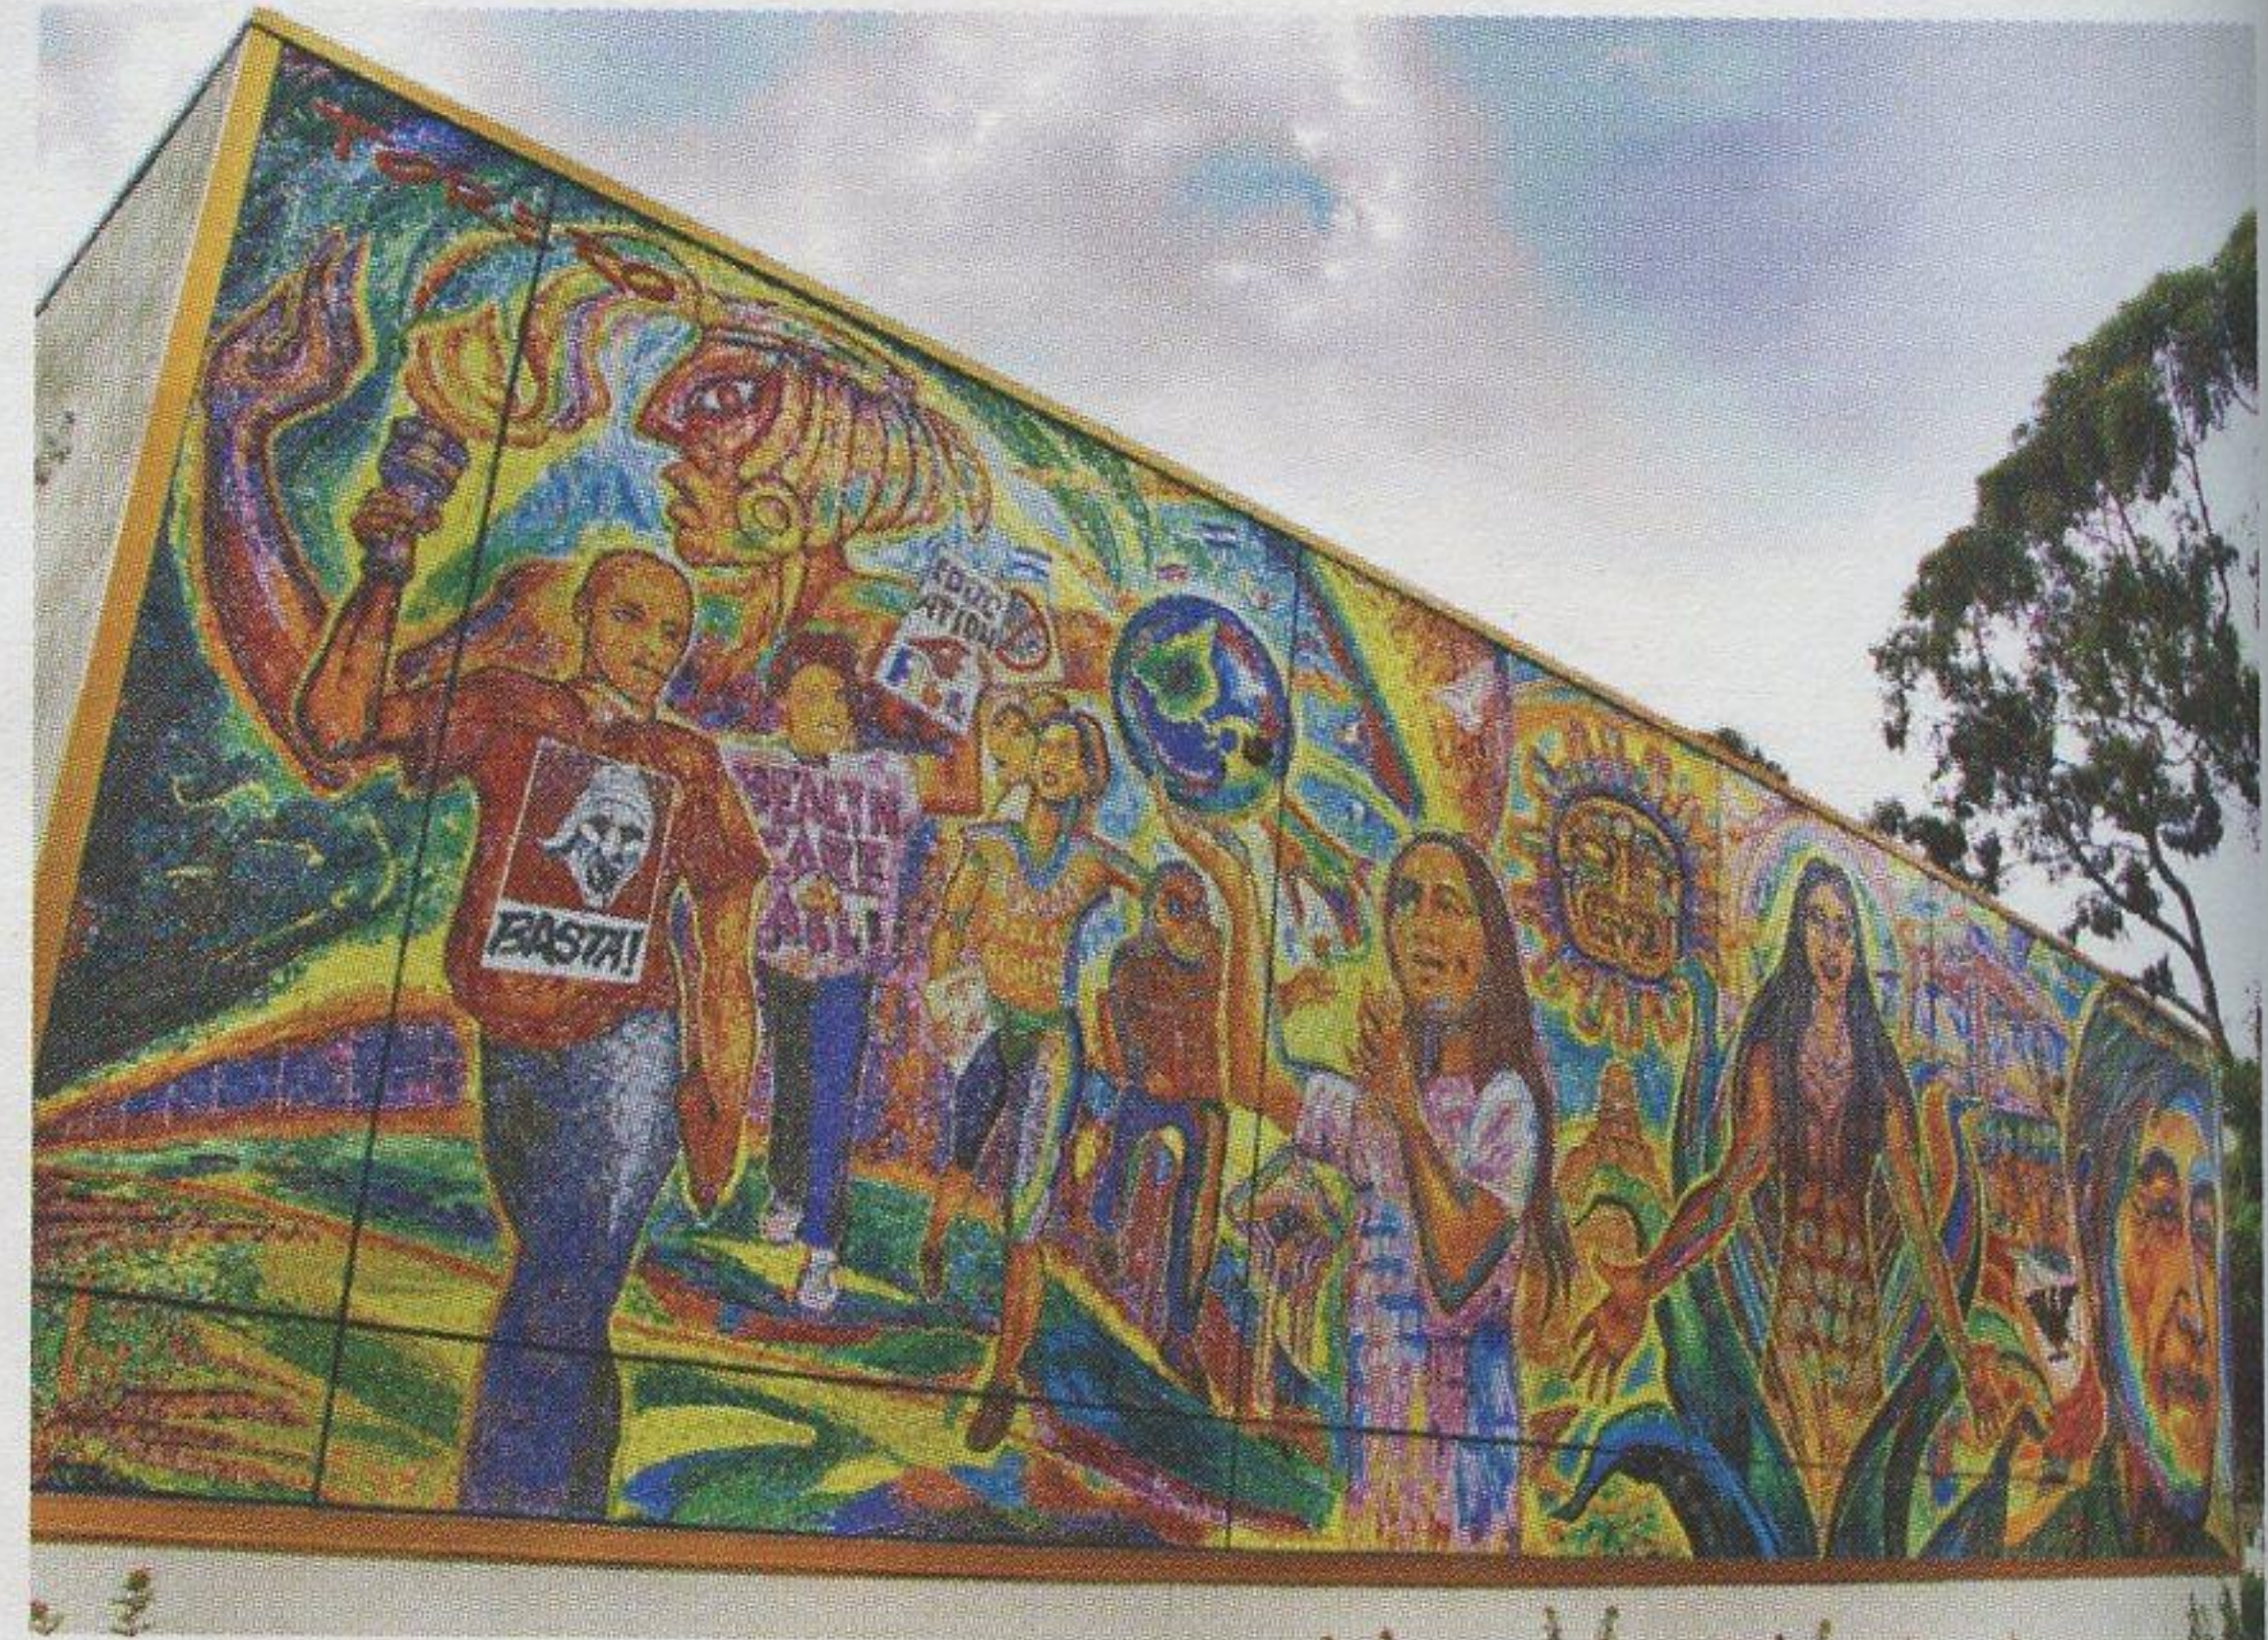

Decorative ceiling and wall tiles by **3M** now offer over 500 architectural finishes. Among them are lightweight, self-adhering finishes that mimic the warmth of wood grain, the sleek feel of polished stone, the feel of natural stone, as well as contemporary patterns and textures. Visit www.3m.com or **Circle 496**

HYDRO POWER

Generating its own electrical power, the One HydroVantage automatic lavatory system from **Zurn Engineered Water Solutions** is a good solution for public spaces such as universities. Available in different designs, faucet styles and drain configurations, the sensor-activated faucet is connected to Zurn's vitreous china lavatory. Visit www.zurn.com or **Circle 499**

Over 100,000 tiles make Chicano history mural

EVERY PICTURE TELLS A STORY

This 17-ft. x 56-ft. Chicano history mural can be found on the east wall of the University of California, San Diego's Peterson Hall. "Chicano Legacy 40 Años," the mural is made up of over 100,000 pieces of non-porous **Hakatai** glass mosaics that reflect and refract light. Visit www.hakatai.com or **Circle 498**

◀ SUPER NEUTRAL, SUPER PERFORMANCE

Raising the light-to-solar gain ratio to an impressive 2.30, a glazing option from **Guardian Industries'** SunGuard SuperNeutral line also offers a color-neutral appearance. The SNX 62/27 features three microscopic layers of coating to enable high visible light transmission while blocking solar heat gain. Visit www.guardian.com or **Circle 495**

LED OPTIONS ▶

Fresno and Tempe bollards from **Spaulding Lighting** now are available with optional LED lamps, providing walkway, courtyard or low-level pedestrian illumination using 40W instead of the 100W typical for PSMH bollards. LED assemblies can be rotated to create either symmetric or asymmetric light distribution. A new retrofit kit allows current owners of traditional Tempe, Fresno and Modesto units to upgrade to LED performance. Visit www.spauldinglighting.com or **Circle 497**
